Re: Unsolicited letter for support for Dr. Jeffrey Gold

Dear Chairman Clare:

Please accept this unsolicited letter of support for Dr. Jeffrey Gold to be considered for President of the University of Nebraska System. Given that Dr. Gold is a very well-known internal candidate, I will not go into great detail describing his immense experiences leading academic institutions; managing complex budgets; charting highly (u)2.7 (t)6.1ld

national competitiveness of our university system, as well as position us for greater service to the citizens of Nebraska and to our students.

Furthermore, the strategic plan he developed for the University of Nebraska Medical Center, where I hold my primary faculty appointment, is exceedingly well conceptualized and clear. I've seen him build upon this plan with faculty, regents, funders, and other stakeholders. He knows how to chart out clear directions that will move the university forward, and he knows how to build strong coalitions.

Very tough decisions will need to be made in charting the direction of our amazing and complex university.
